**EasyRO Partners with PartsTech!!**

PartsTech is an auto parts search engine and ordering system designed to help you find the right parts for the job in a single search! Order your parts online from your favorite parts partners through the PartsTech web platform **button located inside EasyRO** and have all the information drop down into your repair order. The PartsTech ordering system requires **NO MONTHLY FEE!** Check out our newest partner at [www.partstech.com](http://www.partstech.com).

**EasyRO Partners with E-Auto Club Service Intelligence!!**

EasyRO is now compatible with the new technology Service Intelligence (SI). The Service Intelligence tool "identifies all maintenance and notifies the Service advisor, technician and vehicle owners automatically **via desktop, tablet, mobile texting, emails, and postcards.**" It also has a CRM tool that tracks the life-cycle of every part, and fluid and populates from a POS service history! Check them out at <https://www.eautoclub.com> and take a self-guided demo!

**For more information on these newest EasyRO partners and how you can integrate them into your shop management software contact Tech Support team member Eddie at 818-546-5800 or [techsupport@easyworks.com](mailto:techsupport@easyworks.com). Also be sure to visit [www.easyworks.com](http://www.easyworks.com) for more exciting news!**
